The Stars*

Can you count the stars of evening That are shining in the sky? Can  
you count the clouds that daily Over all the world go by? God the  
Lord, who doth not slumber, Keepeth all the boundless number; But  
He careth more for thee, But He careth more for thee. Can you  
count the birds that warble In the sunshine all the day? Can you  
count the little fishes

*Can You Count the Stars? > Lyrics | Johann W. Hey*

Can You Count The Stars? Hymn Lyrics. Can you count the stars  
that brightly Twinkle in the midnight sky? Can you count the  
clouds, so lightly O'er the meadows floating by? God, the Lord,  
doth mark their number, With His eyes that never slumber; He hath  
made them every one, He hath made them every one. Can you count  
the wings now flashing

*Can You Count The Stars? Hymn Lyrics*

Can you count the stars shining in the sky? Can you hold the  
moonlight in your hand? Can you stop the waves rolling on the  
shore? Or find the place where rainbows meet the land? I've got a  
friend who knows how all these things are done Jesus Lord of all,  
God's only Son Up in outer space, planets spinning round Millions  
more than we can ever see

You have not studied astronomy, not even for a single semester. So do not speak about matters which you do not understand! J: Yes, of course my studies were in a totally different field. But I still maintain that nobody is able to count the stars, because they total such a large number, similar to the number of grains of sand on the beach.
