Ritter for giving the central theme to humans. He opted for man alongside nature in the interrelationship formed in regional studies.

~~Dichotomy and Dualism (Geography) - CSE Wiki~~  
Mind-body dualism, in its original and most radical formulation, the philosophical view that mind and body (or matter) are fundamentally distinct kinds of substances or natures. That version, now often called substance dualism, implies that mind and body not only differ in meaning but refer to different kinds of entities.

physical sciences. These physical properties include size, weight, shape, colour, motion through space and time, etc.

~~Dualism (Stanford Encyclopedia of Philosophy)~~

Therefore, human geography basically deals with the symbiotic man-nature relationship, which is interdependent. Thus the spatial variation of physical and social phenomena is the hallmark of the study of geography. For the survival of geography, the dichotomy between physical and human geography should be eliminated.

# Access Free Dualism Between Physical And Human Geography

The mind-body problem is a debate concerning the relationship between thought and consciousness in the human mind, and the brain as part of the physical body. It is distinct from the question of how mind and body function chemically and physiologically, as that question presupposes an interactionist account of mind-body relations. This question arises when mind and body are considered as ...

~~Mind-body problem — Wikipedia~~

According to the dualist, the mind (or the soul) is comprised of a non-physical substance, while the body is constituted of the physical substance known as matter. According to most substance dualists, mind

and body are capable of causally affecting each other. This form of substance dualism is known as interactionism.

~~Dualism and Mind | Internet Encyclopedia of  
Philosophy~~

Dualism in Metaphysics is the belief that there are two kinds of reality: material (physical) and immaterial (spiritual). In Philosophy of Mind, Dualism is the position that mind and body are in some categorical way separate from each other, and that mental phenomena are, in some respects, non-physical in nature.

~~Dualism Essay | Bartleby~~

Dualism is the theory that two things exist in the world: the mind and the physical world. This means that humans are made of two things, the mind and the body. Firstly, there are a lot of blanks and unknown answers when contemplating dualism. Mainly, it cannot be known how the mind and body are linked together to form a being.
